

Lovato Electric SpA

LOVATO ELECTRIC S.p.a, one of the world's largest manufacturers of automation components, industrial control and energy management, and the CNOS-FAP Federation have signed a Cooperation Agreement [1] in order to improve knowledge and professional, technological and operational skills of teachers, trainers and students of the Salesian institutes and vocational training centres belonging to the electricity sector. This cooperation aims to detect activities able to combine the educational purpose of the training system with the needs of the production process, in the perspective of facilitating the transition from education to labour market.

The cooperation is also aimed to provide proper support to companies and professionals through continuous training in the areas which each vocational training centre will develop in conjunction with LOVATO ELECTRIC S.p.A.
