

CSTEP

Applicant Organisation: Střední škola stavební Jihlava (Czech Republic)

Partners: 5 partners in: Czech Republic, Italy, Finland, the United Kingdom

Objectives: CSTEP represents a further evolution of a project that was presented last year and on which the National Headquarters of the Federation worked. The project aims to strengthen the skills of experts and trainers in Europe to develop shared and effective strategies to reduce the learning difficulties of students in initial training. It will promote student's integration into the labour market. To rationalize and strengthen the European background of the various CNOS-FAP centres, the National Headquarters entrusted the further development of the project to the Regional Association of Piedmont which was already involved in the previous project. The association and the National Headquarters will collaborate on the implementation of the project.
